14. Brushes sizes 0, 1, 2 (Preferably sable) No substitute for high quality! I like Raphael and Neef brands. They are called "round" brushes and have longish hairs and a beautiful fine tip. If budget allows, also X1 Neef 600 Smooshing brushes in size 4
15. Watercolour paints ( all just 5ml tubes ) "Windsor and Newton" Cadmium yellow, Cadmium Lemon, Cerulean Blue, French Ultramarine, Perylene green, Perylene Maroon, Perylene Violet, Cadmium Red, Permanent Rose and Gouache White. If budget allows you could also purchase "Daniel Smith" brand Quinacridone gold and "Schmincke" brand Madder Lake deep, Deep Red, May Green, Brilliant Blue Violet and Brilliant Red Violet. Provided you have the Windsor and Newton colours, you are welcome to use some of my collection of paints, even to test them and see if you like prior to purchasing them for yourself.
16. Pencil case or folder or box to keep brushes and paints safe. Sometimes a large kitchen Tupperware container will suffice.

This is a big and extensive list. I have underlined the essentials.
